FOR IMMEDIATE RELEASE

**DOUGLAS STINGELIN WILL LEAD MECHANICAL ENGINEERS AT GLHN**

**NEW DEPARTMENT MANAGER WILL FOCUS ON ENERGY-RELATED SERVICES AND ENVIRONMENTALLY-RESPONSIBLE BUILDINGS**

TUCSON, AZ (February 9, 2012). R. Douglas Stingelin, P.E., QCxP, LEED AP, has been promoted to Mechanical Engineering Department Manager at GLHN Architects and Engineers. Stingelin, who is also a Level II Thermographer, will lead a team of over 20 mechanical engineers, commissioning agents, and designers specializing in energy modeling, sustainable building systems, and industrial processes.

Stingelin has worked with GLHN since 2004. He is a Certified Commissioning Process Provider and has commissioned over \$100 million in new building construction, including LEED certified laboratory facilities and the first LEED Platinum certified athletic facility in the United States, the University of Arizona Student Recreation Center Expansion.

Douglas Stingelin takes the reins from Carol Larson, P.E., CEM, LEED AP, a move that allows Larson time to focus on engineering and management of innovative energy projects.
